

Smart Charging Solutions For Lithium-ion Batteries

Precise Voltage & Current Control

Protects Lithium Batteries With Stable And Accurate Power Output.

Multi-language HMI Interface

Enjoy Easy and Intuitive Operation With A Smart, Multi-language Display.

Reliable In Harsh Environments

Withstands Extreme Conditions For Consistent, safe Performance.

Comprehensive Fault Detection

Real-time Alerts Ensure Worry-free Operation And Maintenance.

Global Leader In Off-highway Lithium-ion Battery Solutions

Established in 2018 and headquartered in Hangzhou, China Eneroc specializes in the R&D, manufacturing and sales of motive battery packs, BMS, chargers, motors and controllers for off-highway vehicles. We are committed to driving the energy revolution forward and empowering every industrial vehicle with advanced, reliable, and efficient solutions.
